PROFILE

I'm a passionate Video Editor and IT Student with hands-on experience in creating engaging, high-quality content for various platforms. I specialize in short-form reels, AI-generated videos, school promotional content, vlogs, and video presentations. Proficient in industry-standard tools including Adobe Premiere Pro, After Effects, Photoshop, Lightroom, CapCut, and Canva. On the IT side, I'm skilled in computer hardware troubleshooting, OS installation, basic web development (HTML/CSS), network fundamentals, and tools like VS Code, GitHub, Figma, and Microsoft Office Suite. I bring creativity, technical knowledge, and strong attention to detail to every project I take on.

EXPERIENCE

Freelance Video Editor – Part-Time Commission

Self-Employed | 2023 – Present

- Produced and edited school promotional videos, event coverages, and academic presentations using Adobe Premiere Pro and After Effects.
- Created AI-generated video content using modern AI tools including ChatGPT and Claude for personal and client-based projects.
- Delivered short-form reels, vlogs, and social media content with professional color grading, audio sync, and visual effects using Photoshop and Lightroom.
- Designed thumbnails, graphics, and visual assets for video projects using Adobe Photoshop and Canva.
- Managed full client workflow including communication, project scoping, revisions, and on-time delivery.
- Utilized GitHub for version tracking and VS Code for basic scripting and automation support in projects.

EDUCATION

Bachelor of Science in Information Technology

ACLC College of Bukidnon | 2024 – Present

TVL – Computer System Servicing (NC II)

Valencia National High School | 2022 – 2024

NOTABLE PROJECTS

School Event Coverage Videos

- Edited full-length promotional and documentation videos for school activities.

AI-Generated Content Projects

- Produced creative AI-assisted video content using modern tools and techniques.

Short-Form Social Media Reels

- Designed engaging reels optimized for social media platforms and audiences.
